

Help us shape transit in Everett!

Connecting Everett in 2045

Everett Transit is working on the next chapter of our Long Range Plan. We're focused on building a system that helps everyone access work, school, services, and opportunities — safely, reliably, and sustainably.

This July, we're holding open houses to share our plans. Information is also available on our website. We invite you to take our survey asking for feedback on:

- Our **growth plan** for fixed-route bus service
- New concepts for **on-demand service**
- A revised **fleet plan** focused on resilience and emergency response
- A transparent **financial outlook**, including future funding assumptions
- A renewed focus on **safety and communication**
