

EVERETT TRANSIT

# LONG RANGE PLAN Connecting Everett in 2045

Everett Transit's Draft Long Range Plan, *Connecting Everett in 2045*, is now available for public review and comment.

The plan outlines a financially responsible path to support Everett's anticipated growth, focusing on frequent, reliable transit that connects people to jobs, housing, education, and regional destinations.

We invite community members to review the draft plan and share feedback to help shape a transit system that supports Everett's future.
